

This in regards to the notice that I received from K-LOVE radio station.

K-LOVE serves to me as a resident of my community by the kind of music that is encouraging to me.

I believe that if K-LOVE was displaced by an LPFM station then it would not help the local community, (I believe that it would actually hurt the local community).

I believe that the service provided by K-LOVE is in the public interest because 1. They have the format of music that a lot of people in the community like 2. There are other stations in my local community that play a similar format of music but I do not listen to them because the format is not the kind of format that I like. So that is why I like K-LOVE because they have the kind of music that benefits me.

Thank-You.
